

Don't forget to delete the **Template Layer** before saving out your final artwork.

KEY

-  The **Red Area** indicates the 3mm bleed required for all artworks, any content within this area won't be visible on your final print product. Position full-size background images or graphic elements to the edge of this frame.
-  The **Grey Area** indicates the 3mm margin. It is the distance that all elements should be from the edge of the page.
